AMERICAN
STRUCTUREPOINT
INC.

MISSION STATEMENT

**AMERICAN STRUCTUREPOINT
IMPROVES THE QUALITY OF
LIFE FOR THE PEOPLE AND
COMMUNITIES WE SERVE.**

WE ARE AMERICAN STRUCTUREPOINT

Established in 1966, American Structurepoint is an award-winning, nationally recognized architecture and engineering firm.

With approximately 750 professionals working in-house across 11 disciplines, American Structurepoint's award-winning team defines the standard of excellence for people who want help building and bettering their community. We are well-equipped and experienced to partner with you to successfully move your project from concept to completion. Our innovative experts take pride in identifying new opportunities, anticipating complexities, overcoming barriers, and maximizing your resources to help you grow. Headquartered in Indianapolis, Indiana, American Structurepoint has professionals working in 18 design centers throughout Florida, Illinois, Indiana, Kentucky, Ohio, Tennessee, and Texas to support clients nationwide.

AMERICAN STRUCTUREPOINT HAS BECOME THE TEAM THAT CLIENTS TRUST BECAUSE OF THE RELATIONSHIPS WE'VE BUILT AND SERVICES WE PROVIDE.

Like our parent company, we improve the quality of life for the people and communities in Indiana. The values and client focus that have made American Structurepoint one of the Midwest's most admired companies since 1966 are all present in our IT Solutions Group.

IMPROVING AND MAINTAINING EFFECTIVENESS, ENHANCING QUALITY OF SERVICE DELIVERY, MINIMIZING SUPPORT COSTS, AND MAXIMIZING YOUR RETURN ON INVESTMENT.

We take the time to learn about your company, your technology challenges and opportunities, your growth plans, and your culture. This approach helps us solve technology problems and allows us to meet our clients where they are. We know there is no one-size-fits-all approach to solving technology challenges. As your partner, we lean on our expertise to guide decisions that make sense for you and your growth plans.

OUR SERVICES

We offer a variety of services to help our clients achieve their company's business goals:

- Cloud Solutions and Services
- Artificial Intelligence Planning
- Secure Computing
- Infrastructure and Applications Services
- Strategic Consulting
- Monitoring Services and Outsourcing
- Mobility
- Technology Assessments

We take pride in solving complex challenges with proven technological solutions and helping you succeed.

CLOUD SOLUTIONS AND SERVICES

Private cloud? Public cloud? Hybrid cloud? We decode the mysteries of cloud services and determine the best fit for your needs. Through collaboration with your team, we can meet all your computing, storage, and security needs. Cloud computing represents a significant shift in the way technology resources are managed, operated, and consumed. This change exposes several benefits to businesses, promoting greater efficiency and agility.

ARTIFICIAL INTELLIGENCE PLANNING

Artificial intelligence (AI) is transforming the industry and planning for this change can give your business a competitive edge. Our experts bring tools to help you plan for the future of AI and how to incorporate the best systems into your business strategy. Our planning tools will help you with productivity, making your business run more smoothly and efficiently.

SECURE COMPUTING

Our team implements a variety of solutions based on industry standard practices to help protect your data and employees. We identify, analyze, and integrate security tools to combat the evolving cyber threat landscape. Solutions may include encryption to protect your company's data and network reviews of configurations to support the security design.

INFRASTRUCTURE AND APPLICATIONS SERVICES

Slow technology can negatively affect your business. We will reverse the inefficiencies that keep your systems from functioning at their best. We recommend new technology where appropriate, identify steps to enhance system availability/performance, and test existing systems so they meet the highest standards.

STRATEGIC CONSULTING

End to end, our IT Solutions Group works with you to plan the precise technology for your organization and its users and customers. With a more effective infrastructure, you deliver services of higher quality, minimize support time and costs, and realize a higher ROI. We also help you address issues such as business continuity and disaster recovery to keep your business running and let you sleep at night.

MONITORING SERVICES AND OUTSOURCING

Our monitoring services take IT off your plate so you can focus on the core competencies that impact your business. Retain our experienced IT professionals to oversee all your IT systems or to manage projects for system upgrades, new apps, and so on. We even help you meet industry compliance and regulatory standards. Our program is best-in-class, affordable, efficient, and expands with your business as it grows.

MOBILITY

Your employees expect easy, secure access to the technology and information they need, when they need it, on any device they choose. We make mobility work for you by collaborating with you to find solutions across devices, applications, and security to give your people the best tools for the job while moving data in a secure environment.

TECHNOLOGY ASSESSMENTS

Assessments allow our professionals to examine the state of your technology and its environment, including hardware and software. Findings then help formulate recommended updates based on industry best practices and your own business needs to prepare your organization for the future.

RESULTS

Our experts partner with clients to solve a variety of technology challenges. Some of our results include:

- The technology solutions and processes we put into place support the expansion of our clients to new locations, expanding their overall service lines to the community.
- Whether our clients work from home or travel for work, we deliver virtual workspaces to keep business running as usual.
- Our technology solutions enable businesses to run smoothly.
- We respond to concerns and issues quickly and efficiently.
- A personal, tailored approach for you.
